Discussion

Extreme Greens Espresso is an easy mixing, great tasting and energizing “phyto-nutrient” powder mix loaded with certified organic, whole food plant extracts.* It also supplies a super blend of completely natural vitamins, ionic trace minerals, enzymes, antioxidants, phytonutrients and symbiotic intestinal flora for maximum energy, metabolism, fat burning, digestion, detoxification, immunity, repair, recovery, revitalization and longevity.*

ORAC (Oxygen Radical Absorbance Capacity) is a method of measuring antioxidant capacities of different foods. Antioxidants are essential to good health. High antioxidant capacity is believed to play an important role in the elimination of free radicals-a major part of the theory of anti-aging-and in the achievement of physiological balance.*
