

SIGN UP FOR OUR NEW PREPAY PROGRAM

What if paying your electric bill was like buying gas for your vehicle?

NOW IT CAN BE!

- ✓ CHOOSE YOUR OWN PAYMENT SCHEDULE
- ✓ PURCHASE ELECTRICITY WHEN CONVENIENT
- ✓ MONITOR ELECTRICAL USAGE
- ✓ CUSTOMIZE THE PLAN THAT IS BEST FOR YOU
- ✓ NO DEPOSITS, NO LATE FEES AND NO MONTHLY BILLS
- ✓ YOU CONTROL YOUR ELECTRICITY BUDGET

Would it be easier for you to make daily, weekly, or biweekly Payments rather than one large payment each month? WECC is excited to offer another way to pay your electric bill through the WE EZPay Program!
Can existing members switch to prepay billing? Yes. Your existing deposit will be applied to your current account balance, with any remaining amount being applied as a credit to your Prepay account or refunded.
How does it work? Prepay is a self-managed program. You purchase electricity before you use it. Payments can be made when you want to – online, over the phone, or at your local WECC office.

What if my account runs out? If funds in your account run out, your electrical service will automatically be disconnected. You will be notified by e-mail or text message that your service has been cut off. You can purchase more power online or by phone 24 hours a day, 7 days a week. Your power will be restored within minutes and you won't be charged a reconnection fee.

How much money should I keep in my account? It's up to you! You may buy energy to last for a few days or several months!

AVOID UTILITY SCAMS

AVOID UTILITY SCAMS

Scammers will threaten you with everything from shutting off power to your home to legal action. Don't fall victim to these types of scams.

- Our employees will never show up at your door to demand payment.
- Never give personal information to an unknown caller or visitor. Our member services representatives have access to the details they need to service your account.
- Demands for immediate payment by wire transfer, cryptocurrency, gift cards or cash reload cards should immediately raise red flags.
- If you think you've been contacted by a scammer falsely representing the cooperative, please let us know as soon as possible.

HAPPY 4TH of JULY

FIREWORKS SAFETY TIPS

Fireworks and the Fourth of July go hand-in-hand, and we want you to have a safe, fun-filled celebration, so keep these safety tips in mind:

- ★ Always follow the instructions on fireworks' packaging, and never give them to small children.
- ★ Keep a supply of water close by as a precaution.
- ★ Make sure to wear protective eyewear when lighting fireworks.
- ★ Light only one firework at a time, and never attempt to relight a "dud."
- ★ Store fireworks in a cool, dry place away from children and pets.

ENERGY EFFICIENCY

During summer months, run large appliances that emit heat (like clothes dryers and dishwashers) during the evening it's cooler. This will minimize indoor heat during the day when the outdoor temperatures are highest.
