GREEN LEAF MEDICAL OF OHIO
Medical Marijuana Dispensary

Inside Re-Opening on Monday, November 16th (Still Pre-Orders Only)

Greetings, gLeaf Patients!

Effective Monday, November 16th, the INSIDE of gLeaf Medical Cannabis will once again be OPEN!

All patients will be required to wear a face covering and observe social distancing.

While transactions will once again be completed inside the building, to ensure adequate social distancing and parking, we will still be operating via phone and online pre-orders for scheduled pickup only.

Please do not come to the dispensary without placing an order ahead of time. Also, please come at your selected pickup time. The staff uses the pickup time you select to organize work flow. If you arrive early, your order may not be ready, and you may be affecting patients who are showing up at their scheduled time. Many of the traffic jams in the parking lot have been caused by patients arriving outside of their scheduled pickup window.

We will still offer a curbside pickup option. However, we will now have two designated curbside pickup parking spaces on the west side of our building rather than a drive-up lane. Because of this, the number of curbside pickup timeslots will be limited. If you are able to come inside, we ask that you reserve the curbside pickup timeslots for those patients with limited mobility or those patients at highest risk of complications from COVID-19 (elderly, immunocompromised, etc).

Thank you for your patience as we navigate this next transition together,
gLeaf Staff
