

Qt. 1 Plan of the Day

Meet in the conference room and get assignment. Review plan of the day.

Get report on assigned residents from nurse and CNA assigned to your residents

Find your resident and assist to and from dining room for meals, assist with feeding as needed.

Assess each resident. Instructor will observe and evaluate one assessment. Document assessment on CASPN form

After assessing, plan care for each patient. Provide care as needed, bath, bed, hair care, oral care, fresh water, tidy room, assist to activities and any procedures

FIND INSTRUCTOR FOR ALL TREATMENT, PROCEDURES AND DRESSING CHANGES

Document/Report appetite, I&O, bath, skin assessment, elimination, vital signs and activity, etc

Review chart and collect information for shift change report.

Check on resident at least hourly.

Communicate with nurse: all information related to patient needs

Communicate with instructor: all student needs

Report off to nurse and CNA, and meet in conference room for post-conference

On last day of each week, must turn in:

- SBAR
- One written physical assessment
- Nursing Process/Clinical Judgment Form
- Two-Four med classification sheets

Optional: Midterm self evaluation

On last day of rotation, must turn in:

- Final self evaluation
- Clinical reflection

Student is expected to comply with all CASPN policies as stated in student handbook.

I completely understand the above plan and will comply.
