

We here at ASAP Energy Inc. want to sincerely thank you for including us in your Program. We enjoy giving to our Communities and Schools, and hope to do so for many more years. As we continue to improve our sponsorship programs we have developed **Energizing Our Communities**. The program is simple to implement and allows you to have continuous sponsorship throughout the year.

Energizing Our Communities uses the KickBack Rewards System to help monitor and manage our program.

Energizing Our Communities is easy; there will be multiple Supporter Cards connected under one Administrator Card. All cards will be KickBack cards registered to your program.

Just swipe, earn, and redeem for your organization!

“It is exciting to be a part of the ENERGIZING OUR COMMUNITIES. This Program helps our Faculty and Parents to have the opportunity to earn rewards for our schools in the form of CASH by using our Hydro-Eakly KickBack cards whenever they purchase at participating businesses. We have recently received a check for \$500 from ASAP Energy to be divided and used for teacher supplies at both elementary and secondary sites at Hydro-Eakly Schools. Reaching our points goal and receiving our cash payback has inspired all who are card holders! This financial support is especially appreciated by our Faculty who often use their own money to buy school supplies for Students in need. Thank you again ASAP Energy!!”

EFFECTIVE 1/1/19

- One of your Leaders/ Directors/ Teachers/ Coaches will be the Administrator, and will have the Administrator Card.
- Supporters will have their own Supporter Card.
- To earn points on the Administrator Card, every Supporter will swipe their card at any KickBack locations (see Participating Merchants).
- At no time will a Supporter Card holder have the ability to redeem the points earned.
- The Following information will be needed from each Supporter: Name of Card Holder and Email address
- To redeem; the Organization must earn a minimum total of 25000 KickBack points, that's \$250.00. Or redeem a maximum of once a year if the minimum total isn't reached.
- When the minimum is reached or exceeded, the Administrator then contacts Calli Dozier.
- Then the total amount of points on the Administrator Card will be redeemed.
- There is no maximum amount of times throughout the year you can redeem 25000 points earned.

Energizing Our Communities is committed to assisting your efforts. It is this easy, at participating merchants earn 2 points gallon purchased, and 2 points per dollar spent in store.

Example:

- Admin card = 1
- Supporter cards = 39
- Total cards =40
- Monthly fuel gallons purchased 40 gallons times 40 card holders equals 1600 gallons for 3200 points.
- Monthly in store purchases \$40 times 40 card holder equals \$1600 for 3200 points.
- Monthly total points earned 6400 equals \$64 earned.
- \$250 divided by \$64 equals redemption possible every 4 months.
- ASAP Energy Inc. will match the total amount redeemed, so \$250.00 becomes \$500.00.
