

EMPLOYEE EMPOWERMENT PROJECT

Mondays are Hurting Business

Whether you realize it or not – some employees are disengaged from their jobs, directly impacting productivity and profitability. Employees are also stressed and frequently discouraged which affects both them and their families. In the 2013 *Gallup State of the Global Workplace Report*, research showed 70% of Americans either hate their jobs or are completely disengaged at work. And 20% hate their jobs so much that they actively work to undermine the companies they work for.

Millions of Christians look great on Sunday but switch God OFF by Monday morning – a distinct switch to practical atheism. Monday work attitudes are shocking and a major culture and business problem. In fact, further research reveals some shocking facts about Mondays. 50% of workers show up late to work on Mondays. Productivity of the average worker is less than 30% on Mondays. And most don't even smile until 11:16 a.m. on Mondays! Worse yet, more heart attacks and suicides happen on Mondays than any other work day. It is time for a Monday Switch!

Fighting for Healthier – Christ Centered Companies

Thankfully, God can change worker attitudes and behaviors. In the book, *The Tipping Point: How Little Things Can Make a Big Difference*, author Malcolm Gladwell states that “ideas and products and messages and behaviors spread like viruses do”. We have all witnessed the positive change in a team, a family or a company that just one or two people can make. So what are the kingdom and economic benefits of making Mondays better for every employee in your business? Consider these:

Business Benefits

- Higher employee productivity
- Increased employee health
- Less employee turnover
- More positive team building
- Better profitability
- More Kingdom Influence
- Attitudes of TGIM, not just TGIF

Employee Benefits

- Greater job satisfaction
- Greater sense of purpose and joy
- Better attitudes on Monday ...
- Greater sense of accomplishment
- Decreased stress and depression
- Experiencing more LIFE in work
- Better family stability
