Monitoring Violations Annual Notice

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for Village of Illiopolis

Our water system violated a drinking water standard over the past year. Even though this was not an emergency, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 4/1/2025 – 6/30/2025 we did not collect the samples in the required timeframe. Samples were collected late. The samples monitor for TTHM and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for TTHM, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When all samples should have been taken	When samples were or will be taken
TTHM	1	0	5/1/2025 – 5/15/2025	Samples were late 5/22/2025
Total Haloacetic Acids (HAA5)	1	0	5/1/2025-5/15/2025	Samples were late 5/22/2025

What happened? What is being done?

We have since taken the required samples, as described in the last column of the table above. The results showed we are meeting drinking water standards. The samples we due by the 10th and were submitted late.

For more information, please contact Rodger Reed, Mayor at 302 5th St. P O Box 299, Illiopolis, IL 62539.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
